Keira Knightley

'Pirates of the Caribbean' Porn Cartoons Spark Outrage

Seeing Keira Knightley gangbanged is not quite Disney's idea of 'fun'

With the success that the two installments of 'Pirates of the Caribbean' have been having and the high level of anticipation for the third part, something like this was bound to happen. Sinful Comics, a firm that specializes in exactly what you're thinking of right now has gone and achieved the impossible: making the three characters from the movie 'bond' more than what we got to see on the big screen. You know how in 'Dead Man's Chest', Keira's character and Captain Sparrow (Johnny Depp) share a moment and kiss passionately. Because Sinful realized that, on some level or another, we all wanted that to go even beyond just a simple kiss (maybe a steamy love affair or something), they went and created what can only be called 'Pirates of the Caribbean: The Gangbang Episode'. They took Keira's character, added some extra boobs (that is, they enlarged them) and some extra weight, and they put her right in the middle of a 'menage a quatre', made of Bloom, Depp and that weird octopus dude. Because the magazine is available only in the US, Sinful also posted the pics online, for the rest of the world to see and enjoy. Useless to say, Disney eventually got word of the hardcore pornographic cartoons (what you see here is not what you get - there are other several pics, way heavier than these) and they went and asked for them to be pulled down. Even more, rumor has it that the studio is also planning a legal action against Sinful Comics, on the mere basis of having sullied the image of the popular characters from the movie. Of course, they are right and, were they to stick to the plan and sue the creators of the cartoons, they would most likely win. Meanwhile, there is nothing left for us to do than to label this under 'curiosities' and laugh at the situation. Plus, Keira is way hotter here than in the movie, so that's a plus for us. The censored version of the photos is below. If you're looking for the NSFW ones... search some more. I'm sure your endeavor will be rewarded in no time.
