Make Music on your  
Mac  
AMG

## [AMG Releases 'Make Music on Your Mac'](#)

*2,000+ high quality loops produced by AMG's legendary standards*

AMG has released Make Music on your [Mac](#). The product contains over 2,000 [Apple](#) Loops from AMG's stable of producers, covering a huge range of styles for an "affordable" price. Styles covered include Pop, Rock, Dance, Hip Hop, House, [Synthpop](#), Drum&Bass, Breakbeat and more.

AMG's samples have been "professionally sliced and tagged for instant location and real-time control of tempo and pitch," the company says, while the 2,000+ high quality loops are produced according to AMG's "legendary standards." Useful for beginners, many of the featured loops are also grouped into 'songs,' allowing even the most inexperienced users to "create pleasing results with a few mouse clicks." [Make Music on Your Mac](#) boasts the following key features:

- Over 2,000 Apple Loops!
- Specially designed for fast song creation!
- Wide range of styles covered including Pop, Rock, Dance, Hip Hop, House, Garage, 2Step, Banghra, Urban, Synthpop, R&B, Latin, FutureFunk, Trip Hop, Reggae, Ragga, Gangsta, Trance, Drum&Bass, Breakbeat and more.
- All samples produced by AMG's stable of World Class Professional Musicians!
- Featuring drums & percussion loops, bass lines, guitar licks, vocal hooks, synth riffs, SFX Loops, brass licks, keyboard chops, atmospheres and much, much more!

According to AMG, those who purchased Make Music on your Mac also found the company's "[Triple Platinum Apple Loops for GarageBand](#)" extremely useful. In a nutshell, the package offers a collection of samples from some of the biggest stars in AMG's huge catalogue. It contains over 800 Apple Loops for drums, percussion, dance samples, vocals, synths, FX and much more, with 500 of the loops being completely exclusive to this collection.

AMG's Make Music on your Mac and Triple Platinum Apple Loops for GarageBand are both priced the same - US\$50. To buy, visit AMG [here](#). Prices are inclusive of shipping to anywhere in the world. Orders are fulfilled from the UK and US. USA & Canada orders take from 3 days to 1 week to arrive, while customers living in Europe may expect the products be shipped to them between 4-14 days.
