## [ATV Offroad Fury: Blazin' Trails Codes and Passwords \(PSP\)](#)

### *Unlock bike parts and events*

**ATV Offroad Fury** and its sequel ATV Offroad Fury 2 were developed by Rainbow Studios, whose work includes the Splashdown series, MX Unleashed and the PC series Motocross Madness. Developer Climax became the developer starting with ATV Offroad Fury 3 and has since made ATV Offroad Fury 3, ATV Offroad Fury 4, Blazin' Trails and ATV Offroad Fury Pro, the last two of which were released for PSP. **ATV Offroad Fury: Blazin' Trails** offers extra race tracks, vehicles and mini-games. It features both ad-hoc (local area network) or Infrastructure (web) multiplayer modes. It offers tutorials in order to master the Trophy Trucks and Dune Buggies. Since this game can get a bit challenging, the tutorial will help the players master tricks. The MX Motocross has the same tricks as the ATVs. The championship modes offer stunt challenges, mini-games and races. **Codes**
