The former Beverly Hills, 90210 star wants to meet the demands of his girlfriend, Megan Fox

Brian Austin Green, the star of TV series Freddie, has recently declared he enjoys spending most of his time with his 19-year-old girlfriend. The 32-year-old actor, who came to prominence with his part as David in the famous Beverly Hills, 90210 series, is eager to meet the demands of his brunette lover. "I have the libido of a 15-year-old boy. My sex drive is so high. I'd rather have sex with Brian all the time than leave the house. Apparently he doesn't mind", his girlfriend, Megan Fox, revealed. "One night, an ex and I bought this huge bed sheet at Wal-Mart and snuck onto a closed beach", recalled Megan. "We covered ourselves in acrylic paint, rolled around and made a painting on the sheet. There were footprints here, my a*s cheeks there, one part that looked like angel wings. It was amazing", she added. Megan declared that Brian is the only one to benefit from her bedroom skills. The brunette beauty also confessed she's useless everywhere else: "I don't clean. My clothes end up wherever I take them off. I forget to flush the toilet." **Brian Austin Green: Filmography**
