## **Britney Spears to Write a Kabbalah Children's Book?**

*The pop princess might follow in Madonna's footsteps*

Britney Spears is said to have been approached by representatives of Kabbalah to write a religiously themed book for children. The pop princess, who became a follower of the mystical Jewish faith after being introduced to it by Madonna, may become the latest star to write a Kabbalah story for kids. Madonna has signed books like 'The English Roses' and 'Yakov and the Seven Thieves', inspired by her Kabbalah beliefs. Britney Spears is said to be keen on the idea of following the pop queen's footsteps and start writing a book inspired by the religion's teachings, especially now, when she is completely dedicated to her baby son. Meanwhile, Britney is rumored to have become furious with her husband Kevin Federline's non-stop partying. Kevin was spotted out drinking with friends several times since the birth of the couple's son, while Britney was alone with Sean Preston. The singer doesn't approve her husband's behavior and seems not to encourage his singing career either. According to an insider, 'She said his debut CD might sell a hundred, maybe a thousand copies if he was lucky. Kevin looked really hurt.'
