[Bully: Scholarship Edition - Alternate Clothing \(Xbox 360\)](#)

A complete list of the clothes you can unlock while playing

First, there was Bully, the movie, in 2001. Next, Rockstar's Bully, the video game. These titles have one thing in common: controversy. While the film was about some teenagers planning to kill a friend just for fun, the second was "real-deal bullying". And now, the game is released on the Xbox 360 and Nintendo Wii consoles. As you already know, Rockstar's **GTA** franchise and the Manhunt series have always managed to produce huge scandals and controversy - it seems that this is the developers' second nature. Bully continues Rockstar's tradition of violent games, invading a very "sensitive" area: the schoolyard. The story follows Jimmy Hopkins, a renegade, a pupil who was expelled from every school he had ever attended. As a mischievous schoolboy, you'll stand up to bullies, get picked on by teachers, play pranks, win or lose the girl, and ultimately learn to navigate the obstacles of the worst school around, Bullworth Academy.
