[Bully: Scholarship Edition Cheats and Unlockables \(Xbox 360\)](#)

A complete list of codes and unlockables

First, there was Bully, the movie, in 2001. Next - Rockstar's Bully, the video game. These titles have one thing in common: controversy. While the film was about some teenagers planning to kill a friend just for fun, the second was "real-deal bullying". And now, the game is being released on the Xbox 360 and Nintendo Wii consoles. As you already know, Rockstar's [GTA](#) franchise and the Manhunt series have always managed to produce huge scandals and controversy - it seems that this is the developers' second nature. Bully continues Rockstar's tradition of violent games, invading a very "sensitive" area: the schoolyard. The story follows Jimmy Hopkins, a renegade, a pupil who was expelled from every school he had ever attended. As a mischievous schoolboy, you'll stand up to bullies, get picked on by teachers, play pranks, win or lose the girl, and ultimately learn to navigate the obstacles of the worst school around, Bullworth Academy. We know that true gamers play all these games just for fun, as they should and not in order to achieve specific point landmarks to prove their friends they are very cool, but we also know that sometimes you just can't live without achieving everything possible with a title you really enjoy. And there is no easier way to achieve these unless you use cheat codes. Here they are:
