## [Burnout Paradise Complete Achievements List \(Xbox 360\)](#)

### *The complete list of achievements*

**Burnout Paradise** (formerly known as Burnout 5) is the newest video game in the Burnout series, which was released on January 22, 2008 in North America and on January 25, 2008 in Europe. It is available for PlayStation 3 and **Xbox 360**. It has a seamless open-world set in the fictional 'Paradise City', with no loading times and no traditional online lobbies or game menus. A "Mugshots" camera feature is available in the Burnout Paradise versions for the PlayStation 3 (using the PlayStation Eye, the PlayStation 2 EyeToy, and other compatible webcams) and Xbox 360 (using the Xbox Live Vision). When a player is taken down, both players will have their photos taken and exchanged. These photos can then be saved to your hard drive. Both versions will allow camera-less persons, or those who do not wish to use their real face, to use their gamertag/PSN avatar, as demonstrated in the downloadable game demos. ([Wikipedia](#))
