Hollywood actor Colin Farrell is said to be on a sex tape with one of his girlfriends, Playboy playmate Nicole Narain, whom the actor dated two years ago. According to America's New York Post newspaper, a man claims to be in possession of a sex tape with Farrell and Narain. The man, called JJ, said the 14 minutes tape shows Nicole performing several positions from 'Kama Sutra' with Colin, who tells her "I could do this breakfast, lunch and dinner". Apparently, Colin compliments Nicole, after sex, by saying "Baby, you have the most beautiful pussy". This is not the first time a celebrity is caught on tape during sex. Both Paris Hilton and Pamela Anderson's raunchy home videos have become public. Colin Farrell, born May 31, 1976, had a number of small roles in various TV shows and movies until he played the part of Private Roland Bozz in "Tigerland" in 2000. Since then he has been one of Ireland's rising stars in Hollywood, acting alongside some of Hollywood's finest including Bruce Willis in "Hart's War", Tom Cruise in "Minority Report", Al Pacino in "The Recruit", "Alexander" and Samuel L. Jackson in "S.W.A.T.". Al Pacino, his original acting idol, has described Colin as the greatest actor of his generation. Farrell is known for his light hearted approach to living, and was apparently smoking six packs of cigarettes a day during the filming of "Phone Booth" in 2002. (Wikipedia)
