[Command & Conquer 3: Kane's Wrath - Achievements \(Xbox 360\)](#)

In the name of Kane, you must bow!

Command & Conquer 3: Kane's Wrath is the sequel to the Tiberium Wars and it will allow players to control over 100 units and structures, many that have never been seen before in the series. Gamers can choose from factions like The Brotherhood of nod, the Global Defense Initiative or the alien race Scrin. If none of the above please you, then there are another six sub factions, each with unique units and abilities. The Xbox 360 exclusive mode provides the ultimate Kane experience. Choose from nine armies and enter the fiercest battle, nuking your friends in more than 50 multiplayer maps, designed specifically to take advantage of being a console game. Warfare has never been easier with the new Command Stick interface allowing even the most novice RTS gamers to build and attack.
