[Create and Burn an Entire Digital Photo Album Without A PC](#)

PrimeFoto. An image editor and a CD burner, all in one

A new digital camera accessory has been launched - the Prime Photo. This device enables the user to archive digital images on a CD, without the help of a PC, the procedure needing only a few minutes. The device can be connected to a TV or can function as a simple CD burner, instantly creating an entire photo album or DVD quality photo slide shows.

PrimeFoto is targeted to both professional and amateur photographers, featuring a stylish silvery finish, weighing only 4 pounds, and measuring 9 1/8" (L) x 10 1/8" (W) x 2 1/4" (H). If PrimeFoto is connected to a TV, the user can customize a slideshow by adding narration or music from a MP3 player or audio CD. PrimeFoto is available on the retail market a price of \$249. *Photo Credits - First Street*
