[Culdcept Saga Unlockables Part I \(Xbox 360\)](#)

A bunch of back and body parts you can unlock

Culdcept SAGA combines the strategy of a board game with the depth of a trading card game to create a unique fusion of traditional turn-based play. There was a demo available on [Xbox LIVE](#) Marketplace for Gold members which even allowed players to have a go at the game's multiplayer mode. It also featured a single player mode, of course. Gameplay is rather simple in Culdcept Saga, but that doesn't mean you'll get bored playing. You see, by "simple" we mean that the rules are basic enough to make you want to play immediately, but as soon as you move around the game board and attempt to claim ownership of land squares, all this while battling enemy monsters, you'll see that it takes more than one try to succeed. And if you do... you get the almighty game score points!

UNLOCKABLES

Avatar back parts Complete the indicated task to unlock the corresponding part.

- Air Cloak Using a book containing only air creatures, obtain a total magic of 10,000G or more in Story mode and achieve victory.
- Angel Wings On a map with no temples, obtain 3,000G or more using only symbols and achieve victory.
