[Dead or Alive: Ultimate Unlockables and Codes \(Xbox\)](#)

Babes and fights can create a great title

Dead or Alive Ultimate is a multiplayer fighting game for the Xbox. It is a collection of the games Dead or Alive and Dead or Alive 2 from the developer Tecmo. The game requires Xbox Live in order to play online, and includes twelve different game modes, fifteen different characters from the Dead or Alive series, as well as bonus content for Dead or Alive 3. With the December 14, 2006 backwards compatibility update for the Xbox 360, the Xbox release of **Dead or Alive** Ultimate can now be played on the Xbox 360. Dead or Alive Ultimate is a compilation game that includes a remade version of Dead or Alive 2, with re-developed graphics and new stages for the Xbox gaming system. It also includes the original Sega Saturn version of the first Dead or Alive, with smoothed graphics, but lacks the additional content received in the later-released North America PlayStation version (No Bass or Ayane characters or extra costumes). Both editions include online play.

Easter Eggs

Genfu Hat TrickOn Costume 3, use the Tenseiha appeal to make him take off his hat. If you win the battle, he will put his hat back on and say something different.

Hidden Xbox and Christie photograph in "The Crimson"In the level "The Crimson" if you knock someone through the glass window on the upper level, you will go to another area. In this area is a picture of Christie from "Dead or Alive 3" on the wall, as well as a Prototype Xbox connected to a T.V. If you hit someone into the Xbox and T.V., the Xbox will light up and the Xbox logo will be displayed on the screen.

Lighting up Zack's costumesOn Zack's C3 and C7 costumes, if

you taunt during a match, they will light up for the round. If you taunt again, it will turn off. **Perfect round victory poses**In all modes (except Story Mode and Sparring Mode), if you play a perfect round (in other words, don't lose any health), you'll get a victory pose. Some characters will even have a second "Perfect Round" victory pose if you can get two perfect rounds. **Secrets****Adjust Camera during Celebration**During the ending celebration after each battle, you can move the camera. By pressing either the left or right trigger, you can turn the screen, up to, 90 degrees clockwise or counter-clockwise. By using the right analog stick up or down, you can move the screen over or under the character. **Alternate Hairstyles**.With Kasumi and Lei Fang, they have up to 4 different hairstyles; available by pressing up to 4 different buttons corresponding to the hairstyle. For Kasumi, all 4 hairstyles are accessible for all 20 costumes. A: Loose Hair. X: High Ponytail. Y: Low ponytail. White: Low braid. For Lei Fang, her hairstyles are a little different. C4: A/White: Ponytail. X: Loose hair. Y: Braids. C6/C8/C13: A: Bun. X: Loose hair. Y: Ponytail. White: Braids. Every other costume: A/Y/White: Braids. X: Loose hair. **Alternate Level Select**Press X on the following stages to play a variation of that level. The Aerial Gardens The White Storm The Great Opera **Extra Collection Items in Survival Mode**While playing in survival, if you punch or kick your opponent while they are lying on the ground, they will drop a collection item. Note: Certain characters can only punch opponents that are on the ground and certain characters can only kick opponents that are on the ground. **Zack's Snow Board**On the level The White Storm, use Zack's move "Heart Breaker" while your opponent is at the edge of the slope at the beginning of the level. If done properly, following the move, Zack will lay out the enemy's body, and use it as a snowboard down the hill. Here's the intro FMV: babes at their best:
