[Def Jam Vendetta Cheat Codes \(PS2\)](#)

Unlock new characters and their cool outfits

Def Jam Vendetta is a professional wrestling video game that combined hip hop with pro wrestling. It was released for the PlayStation 2 and GameCube. It was Electronic Arts' first attempt at a wrestling game since the widely-panned WCW Backstage Assault. The game's engine was originally designed for use in a sequel to EA's WCW Mayhem, but EA lost the WCW license when the wrestling company was purchased by the World Wrestling Federation in 2001. So far two sequels have been released; 2004's Def Jam: Fight for NY (which had its own spin-off, 2006's Def Jam Fight for NY: The Takeover) and 2007's **Def Jam: Icon**. The game features a largely unmodified AKI "engine", used in other AKI wrestling games Virtual Pro Wrestling, Virtual Pro Wrestling 2, WCW vs. nWo: World Tour, WWF WrestleMania 2000 and WCW/nWo Revenge with some minor "button mashing" elements added and significantly speedier gameplay. **CodesCheat Codes**First Go The Fighters Section(For Characters), or the Stage Select(For Venues) and Hold L1,L2,R1,R2 and Enter One Of The Following Codes:X,Square,Triangle,O,Square - Arii X, Triangle, O, Square, O - Briggs (alternate costume) X, Triangle, Square, X, O - Briggs (alternate costume) X, Square, X, X, X - Carla Square, Square, Triangle, X, O - Chukklez O, Triangle, X, X, O - Cruz Square, Triangle, O, X, O - D-Mob Square, Square, Triangle, Square, Square - D-Mob (alternate costume) X, O, X, O, Square - Dan G O, O, X, X, Triangle - Deebo O, Square, O, O, X - Deja O, X, O, Triangle, Square - DMX Triangle, Square, O, X, X - Drake X, Triangle, Triangle, O, O - Drake (alternate costume) O, Triangle, O, O, Square - Funkmaster Flex Triangle, Triangle, Triangle, Square, O - Headache Triangle, X, Triangle, O, X - House Square, Triangle, O, Square, O - Iceberg O, O, O, Square, Triangle - Ludacris O, Square, O, Square, O - Manny (alternate costume) X, O, Triangle, Square, Square - Masa Square, O, X, Triangle, O - Method Man Triangle, Triangle, Square, Square, X - Moses O, Square, Triangle, X, O - N.O.R.E.
