## [Duke Nukem 3D Achievements \(Xbox 360\)](#)

*A complete list of things you can achieve while playing*

Duke Nukem 3D was initially released in 1996, on the PC, and it became a classic of the genre, especially thanks to Duke and his cool, macho lines. Speaking of which, you'll surely love to know that we're getting closer to the launch of the next game in the series, [Duke Nukem Forever](#) (however, nobody really knows how close we are). Duke was so cool that his one-liners were used by the famous metal band Megadeth in one of their songs. Come to think of it, their singer's voice resembles the tone and masculinity of Duke's, who, in turn, reminds me of a combination between Rambo and Bruce Willis. Seeing Duke Nukem 3D available on XBLA is a utopia, especially if we take into consideration that this title is famous for taking so LONG to produce. It's a trademark of the series, probably. We know that true gamers play all these games just for fun, as they should, and not in order to achieve specific point landmarks to prove to their friends they are very cool, but we also know that sometimes you just can't live without achieving everything possible with a title you really enjoy. If that's the case and you want to know exactly what to look for when it comes to this game, we have prepared a full list of achievements for you. Good luck!
