[Europa Universalis III: The Grand Strategy Game Cheats](#)

Three may keep a secret if two of them are dead.

The Europa Universalis series is back with yet another extensive strategy game. Make your choice of the 250 nations that you can lead and start playing at any moment between 1453 and 1789. Europa Universalis III is unparalleled in its depth historical accuracy. The map is composed out of about 1,700 provinces and it is up to you to rule your nation till the dawn of the French and American Revolution. With such a wide range of choices, I can only imagine that any help that you can get to increase the rate at which you see what every nation has to offer is a heavenly gift. Well, prepare to receive your gift, 'cause hot juicy cheats are now available. What you need to do is press **ALT + 21** on the NumPad to bring up the console, then enter any of the following codes.
