## [Flatout 2 - Cheats and Car List](#)

*The past is back to haunt us*

Some might say that Flatout 2 is just a cheap copy of other similar games, but anyone who plays it will beg to differ. The gameplay is completely different from what we were used seeing in arcadish car simulators and will get almost anyone hooked in no time. The possible level of destruction reminds us of a much older game, Destruction Derby, which was revolutionary for its time. Flatout 2 is not really a breakthrough but it's almost qualifying simply because there are no others competitors that can rival with it. Here are some cheats for your destructive pleasure.

**Cheats:**  
**GIVEALL** - Unlock all tracks  
**GIEVEPIX** - Get all normal cars and ads 1000000 in credits
