[Front Mission Unlockables II \(DS\)](#)

Wage war in this title

The Front Mission saga focuses on the conflict over Huffman Island, located in the neutral zone between two superpowers known as the Oceania Community Union (O.C.U.) and the Unified Continental States (U.C.S.). Tensions between the O.C.U. and the U.C.S. spark the First Huffman Conflict in 2070, a two-year war ending with a ceasefire agreement that divides the island into two territories. After many years of relative peace, the sudden destruction of a U.C.S. military factory triggers the Second Huffman Conflict in 2090.

Experience the war from the perspective of Royd Clive, the leader of the O.C.U. mercenary outfit "Canyon Crows" or Kevin Greenfield, the commanding officer of the U.C.S. Special Forces squad "Black Hounds". Battle through missions against wanzers, tanks, attack helicopters, and giant mobile weapon platforms, and unravel the true reasons behind the war over Huffman Island.

UNLOCKABLES

Completion bonuses

Successfully complete the game and save it after the credits. Select the "Next New Game" option to begin with all previously accrued experience, skills, parts, and money. The "Sound Test" option will also be available. Additionally, depending on the number of the times the game has been completed and saved, the enemy HP is multiplied by the following amounts.

x0.8 and x1.2 difficulties: One time
x0.5 and x1.5 difficulties: Two times
x2.0 difficulty: Three times
x5.0 difficulty: Four times
x10.0 difficulty: Five times.

Buren Wanzer for the OCU story line

Successfully complete the OCU story line.

TCK Assault Wanzer for the USN story line

Successfully complete the USN story line.

Prototype Clinton

Complete the first extra mission on the UCS story line.
