A great secret revealed?

## [Full Rock Band DLC List Leaked?](#)

*Forum user finds a file that reveals some titles that will make most of the people happy*

The recent release of the [\(Arguably\) Punk Pack 02](#) DLC for [Rock Band](#) has been followed by a rather unexpected and almost officially confirmed leak: a file called spa.bin contains what seems to be the entire list of future Rock Band DLC! And this is absolutely incredible! Everything started over at the [scorehero forums](#), where an user that goes by the name laconic kept updating a list of song titles found in the DLC he just got for his Rock Band game. The user says what everybody should know already: "This list is NOT for certain what will be released, only that Harmonix has POSSIBLY worked, is working, will be working on. Artists were not listed in the file." However, an official comment from Harmonix arrived via the [Rock Band](#) from a game developer: ""This list of Rock Band DLC that was discovered within the files of a recent DLC pack is unconfirmed and subject to change. Please stay tuned for confirmation of Rock Band DLC closer to their release." This could be easily translated into: "Yeah, we forgot that list there, crap happens". Otherwise, there would be no actual reason for such a file to exist. Even though speculation regarding the artists involved (since some of the songs can be associated with more than one rock artist) are intense, we will only show you the original list found and posted over at the scorehero forums by laconic: Are You Gonna Be My Girl, Black Hole Sun, Cherub Rock, Creep, Dani California Detroit Rock City, (Don't Fear) The Reaper, Epic, Foreplay/Long Time, Go With The Flow Highway Star, In Bloom, I Think I'm Paranoid, Learn To Fly, Main Offender, Mississippi Queen Orange Crush, Paranoid, Reptilia, Rockaway Beach, Run To The Hills, Sabotage (I Can't Get No) Satisfaction, Say It Ain't So, Suffragette City, Tom Sawyer, Vasoline Wanted Dead or Alive, Welcome Home, Won't Get Fooled Again, Ballroom Blitz Behind Blue Eyes, Brass In Pocket, Brown Sugar, Cherry Bomb, Come as You Are Die, All Right!, Fortunate Son, Gimme Three Steps, Hard To Handle, Juke Box Hero Last Train to Clarksville, Limelight, Moonage Daydream, N.I.B., The Number of the Beast Pinball Wizard, Queen Bitch, Siva, Song with a Mission, We Care A Lot, Wrathchild Zero, Blitzkrieg Bop, Celebrity Skin, Dead on Arrival, Electric Version, Enter Sandman Flirtin' with Disaster, Gimme Shelter, Green Grass and High Tides, Here It Goes Again Maps, Next to You, Should I Stay or Should I Go, The Hand That Feeds, Train Kept A Rollin' Wave of Mutilation, When You Were Young, 29 Fingers, Blood Doll, Brainpower Can't Let Go, Day Late, Dollar Short, I Get By, I'm So Sick, Nightmare, Outside Pleasure (Pleasure), Seven, Time We Had, Timmy & Lords of the Underworld Blackened, And Justice For All, Ride the Lightning, Sick Sick Sick, 3's and 7's Little Sister, Bang a Gong, Synchronicity II, Roxanne, Can't Stand Losing You Joker and the Thief, My Sharona, Shake, Rock Rebellion, Sprøde, Heroes Sweet Leaf, War Pigs, Fought the Law, Ever Fallen in Love, My Iron Lung Buddy Holly, The Kill, Move Along, Dirty Little Secret, Attack, Interstate Love Song Don't Look Back in Anger, Live Forever, Wonderwall, Action, All the Small Things Breed, Drain You, Lounge Act, On a Plain, Polly, Smells Like Teen Spirit Something in the Way, Stay Away, Territorial Pissings, Lithium, Ten Speed (of God's Blood...) I guess we can say that this is a really long list and at least half of the titles that can be surely attributed to an artist (for

example the long list of Nirvana titles towards the end) would really fit the Rock Band game. We'll keep an eye on this list when the next Rock Band DLC will arrive and then we'll be able to judge if this list is really accurate. Until then, you can go search for these titles on YouTube, you'll see that most of them would be great to have in Rock Band.
