Codes to make your life in Liberty city easier

Grand Theft Auto IV (also known as **GTA IV** and GTA 4) is a sandbox-style action-adventure video game developed by Rockstar North. It is the ninth title in the Grand Theft Auto series and the first in its generation. Grand Theft Auto IV was released worldwide (except Japan) on 29 April 2008 for both PlayStation 3 and Xbox 360. The game is set in a re-imagined universe, with little-to-no continuity with previous games. The setting is a redesigned Liberty City based heavily on New York City. The game follows Niko Bellic, an Eastern European who comes to the United States in search of the "[American Dream](#)" only to find his cousin lied about the promised wealth and luxury that would be awaiting him. Press Up again to access the keypad. Then, enter one of the following codes to activate the corresponding cheat function. Once a code has been entered correctly, a new "Cheats" menu option will be available on your phone, below "Options", where you can access the cheats without having to enter the phone number again. Please note: Do not save the game after enabling any of these codes to avoid problems. **Full health** Dial "3625550100" into the cellphone.
