[Jennifer Aniston Shocked By Brad Pitt And Angelina Jolie's Affair](#)

Jennifer Aniston was shocked by Brad and Angelina's photos together and by their romantic affair.

Rumors about the forthcoming interview with Jennifer Aniston for Vanity Fair about her break up with Hollywood hunk Brad Pitt still spreading through the media. According to reports, Jennifer Aniston was shocked by Brad and Angelina's photos together and by their romantic affair. She tells Vanity Fair magazine, "The world was shocked and I was shocked. I'd be a robot if I said I didn't feel moments of anger, of hurt, of embarrassment." "I can't say that was one of the highlights of my year. Who would deal with that and say, 'Isn't that sweet. That looks like fun.' But bad stuff happens. You joke and say, 'What doesn't kill you makes you stronger.' I don't think he started an affair physically, but I think he was attracted to her.", Aniston said. Jennifer also confessed they split up because she knew Brad was cheating on her, not because she didn't want to have babies. "That really annoyed me. I've never in my life said I don't want children. I did and I do and I will. I would never give up that experience for a career. I want to have it all." She also revealed that she and Brad are no longer talking - but claims she still loves him reports The Sun. "I will love him for the rest of my life. He's a fantastic man", Jennifer Aniston declared.
