Latin diva Jennifer Lopez revealed that she likes to be called 'Mom' by her crew, because she feels so maternal to them all. Jennifer, 36, who played mother to her 14-year-old co-star Becca Gardner in new movie 'An Unfinished Life' told the little actress to call her mom. She is quoted as saying: " I'm your mom and I'm going to take care of you." She explained: "Everybody calls me Mom in my real life - everybody who works for me. I guess I'm just a caretaker." Jennifer Lopez, who married singer Mark Anthony in 2004, only a few months after her break up with actor Ben Affleck, confessed earlier this year that she is ready to have a baby. Lopez was also spotted last week buying baby clothes at a shop in Beverly Hills.
