[Jennifer Lopez Pregnant With Marc Anthony?](#)

It appears that diva Jennifer Lopez is expecting a child with Marc Anthony.

It appears that diva Jennifer Lopez is expecting a child with Marc Anthony. Rumors said the beautiful singer is mad about babies and she tried to get pregnant since she got married. It seems that Jennifer is six weeks pregnant and she already hired a LA designers to organize clothes for the possibly pregnant diva. An insider told America's Star magazine: "It's very top secret right now. She could be six to seven weeks gone". "I want a baby as soon as I possibly can," Jennifer once told a reporter, and, in fact, Jennifer Lopez declared many times that family is very important for her. "She wanted nothing more than to marry Ben and have his children," reports the insider. "There were rumors that she tried to get pregnant as soon as they were engaged." A few days ago, during an Elle interview, Jennifer Lopez got depressed when she was asked how she felt about Ben Affleck having a baby with Jennifer Garner.
