[Kelly Slater's Pro Surfer Cheats and Hints \(PC\)](#)

All boards, levels and one useful hint

Kelly Slater's Pro Surfer is a video game in the [Activision](#) O2 brand. It was developed by Treyarch and published by Activision in 2002 for the Nintendo GameCube, PlayStation 2, [Xbox](#) and Game Boy Advance. In 2003, it was published for Microsoft Windows and Apple Macintosh. This game had a trick system which was in many ways similar to the one used in the Tony Hawk's Pro Skater series, but of course surfing is a rather different sport than skateboarding, so the similarities are limited. The surfers are: Kelly Slater, Lisa Andersen, Tom Carroll, Tom Curren, Nathan Fletcher, Donavon, Frankenreiter, Bruce Irons, Rob Machado and Kalani Robb and also, there are some secret surfers hidden within the game. These surfers are: Travis Pastrana, Tiki God, Tony Hawk and Surfreak. Also, if you want to know them, the career mode beaches are: Wave House Tutorial, Sebastian, Trestles, Mavericks, Antarctica, Jaws, Pipeline, Teahupoo, Bells, Currens Point, Kirra, G-Land, J-Bay, Mundaka and Cortes Bank.
