[Kevin Federline A Decorator?](#)

Kevin: "The key piece is the shark tank."

Kevin Federline seems to be good at other things than partying, dancing and clubbing. He has discovered new activities to keep him home. That is interior decorating and landscaping. So, while Brit was taking care of the baby, her hubby turned their Malibu home into a 'tropical paradise'. *Ratethemusic* quoted the former dancer as saying: "I designed our backyard. We've got a pool, a grotto, a barbecue area." "The key piece is the shark tank. It's probably like 600 gallons. A flat-screen TV comes up in front of it. It's like a tropical paradise", he added. That is good news coming from the couple, who apparently sorted problems out. The two are to star in a musical on Broadway starting January next year. Britney is to replace Mrs. Applegate, playing the role of Charity Hope Valentine, a dance-hall hostess who always gives her heart - and her earnings - to the wrong man. Let's hope, for Britney's sake, that art doesn't imitate art when it comes to her.
