Latest Multifunction Printer from Samsung

Network-Ready

The SCX-5530FN is the latest multifunction printer from Samsung. The four-in-one laser unit is network-ready and offers performance and flexibility with duplex copying, laser printing, color scanning and high speed faxing. The price is around 666\$. Catchy, isn't it? The SCX-5530FN is compactly designed, with an intuitive interface, informative LCD panel and one-touch buttons that make tasks simple. This product is faster than many multifunction devices in its class with speeds of 30 ppm/cpm and a quick warm-up time (from stand-by mode) with its first page out in less than nine seconds. It also delivers high-quality, high-resolution documents with 1200 dpi effective output. It produces color scans with up to 600 x 600 dpi optical and 4800 x 4800 dpi enhanced scanning resolution for capturing photo-quality color and sharp black and white text. The printer is efficient and it offers a low total cost (1.5 cent cost per page) and one-touch features such as PowerSave, PaperSave, TollSave and TonerSave, which can extend the life of the printer's toner cartridge up to 40 percent. Other features: An exclusive ID Card Copy, that enables you to copy the front and back of identification cards onto the front of a single page. A front mounted USB port makes it easy to scan and save or print documents directly to or from a USB Flash drive. Data can be shared (transported) without the need for a computer. 50-sheet Automatic Document Feeder (ADF) - with it, you can insert a stack of papers, press a button and they will be quickly copied. Automatic Duplexing - By utilizing the ADF, it's simple to copy two single-sided documents onto a double sided one, saving paper and time. "The SCX-5530FN is our flagship product in the multifunction category and offers the ultimate productivity solution for our customers - it's not only a full-featured copier, but it's also a fast, flexible laser printer, a powerful scanner and a fax machine in one, compact and powerfully-designed package. Samsung is continually developing products with useful and innovative features that provide our customers with the tools they need to continue to be successful and productive", said Mark Meisberger, product marketing manager, printer products, Samsung Electronics America. Other specs: Up to 28ppm Print/Copy Speed 600 x 600dpi Print/Copy Resolution 8.5 Second First Print Time PCL6 Emulation 25-400% Reduction/Enlargement 1-99 Multicopy 4,800 x 4,800dpi Enhanced Scanning Resolution 33,600bps Speed Modem 3 Second Transmission Speed 480 Page Document Memory 30 One-Touch Speed Dials 240 Coded Speed Dials 250 Sheet Paper Capacity 50 Sheet Multi-Purpose Tray 50 Page Automatic Document Feeder (ADF) USB 2.0 and Parallel Interface 10/100 Base TX Ethernet Network Interface The Samsung SCX5530FN Includes a Manufacturers Warranty Dimensions: 466mm(W) x 435mm(D) x 458mm(H) Weight: 18.5kg
