[LEGO Indiana Jones: The Original Adventures Cheats II \(PSP\)](#)

Help Indy through his quests

It's been some time since the last Lego title and, with the launch of this new and thrilling Indiana Jones movie, we just had to have a game as well. A Lego character fills in Harrison Ford's shoes perfectly and there is no other better company out there than Traveller's Tales to do this job. LEGO Indiana Jones: The Original Adventures takes the fun of Lego and combines it with the wittiness and non-stop action from the original cinematic adventures.

Taking a unique tongue-in-cheek approach, LEGO Indiana Jones follows Dr. Jones from the jungles of South America to the mountaintops of India. All the characters you remember from the original series will be there to support him, while the players will be offered the possibility to mix and match various body parts of more than 60 playable characters to create new heroes. What more could you possibly want?

CHEATS

Bonus characters

Enter one of the following codes on the blackboard in the Math classroom at Barnett College to unlock the corresponding character for purchase.

Fedora V75YSP
First mate 0GIN24
Grail knight NE6THI
