## [Lego Star Wars 2: The Original Trilogy - Unlockables and Gameplay Hints](#)

### *The Force is in the bricks*

Lego Star Wars: The Original Trilogy was a mandatory sequel to one of the best action games to come from the Star Wars franchise. Now, at the second edition, the game had to be twice as fun and twice as entertaining. With a definite support from Nvidia, the game looks and feels very good and the gameplay is a lot more natural on the PC. The slightly increased difficulty has raised some eyebrows here and there, but if you're not used to wait and retry over and over again to kill the emperor and any other bosses, there are some things you can do about it. **Achievements: Complete the following achievements to unlock Xbox Live Gamerscore points.**

Secret Plans level complete (20 points): Complete the first level of the game - Secret Plans. Episode IV complete (5points): Complete all six levels in this Episode in Story Mode.
