## [Lego Star Wars: The Complete Saga Cheats and Glitches \(DS\)](#)

*Studs, bonus games and glitches*

**Lego Star Wars:** The Complete Saga is a video game released in 2007. It is based on the Star Wars-themed toy line by the Lego Group, and is a combination of the highly successful Lego Star Wars: The Video Game and its sequel Lego Star Wars II: The Original Trilogy. The game was announced by LucasArts on May 25, 2007 at Celebration IV and was released for the Xbox 360, PlayStation 3, Wii and Nintendo DS. There are 37 story levels (one of them is like a bonus level), 20 bounty hunter missions, six bonus levels in this game (two being the lego towns), plus the new battle arena feature. Most of the story levels are the same as those found in the original games. A level involving the pursuit of bounty hunter Zam Wesell has been added (this was a deleted level from [LEGO Star Wars: The Video Game](#)), while another level that was cut from the first game (the space battle from Episode I) is included as a bonus level. This level utilizes vehicle free-roam from the second game.

**CHEATS**

**1 million studs** Press Start, Right, Up, L, Down, Select, L, R at the main menu. A sound will confirm correct code entry.

**3 million studs** Press Start(2), Down(2), Left(2), Up(2), Select at the main menu. A sound will confirm correct code entry. Note: This code can only be enabled one time.

**Debug and Debug Multiplayer options** Press Up, Left, Down, Right, Up, Left, Down, Right, Up, Left, Down, Right, R, L, Start, Select at the main menu. A sound will confirm correct code entry.

**Bonus Touch Game 1** Press Up(2), Down, L(2), R(2) at the main menu. A sound will confirm correct code entry.

**GLITCHES**

**Kamino: Walk through wall** After you find Jango Fett, there are some blasters at the end of the hall. Press random buttons and eventually you will get through the portal.

Gameplay footage from the next-gen version of the game: And a bunch of Lego-like screenshots:
