Teen actress Lindsay Lohan recently confessed she can't wait the moment when Jude Law will split up with his fiancée, Sienna Miller, because she wants to date the handsome actor. Sources say Lindsay, 19, was in London promoting her film "Herbie: Fully Loaded" when the scandal broke. After she found out, Lindsay told her close friends that Sienna will not forget Jude for his infidelity and she wouldn't mind being around to pick up the pieces.

"Lindsay told me she feels the chances of Sienna truly being able to forget Jude's infidelity are slim," adds the source. "If the relationship blows up again, Lindsay says she wouldn't mind being around to pick up the pieces." Lindsay's rep, meanwhile, denies the crush.

"Lindsay told me she thinks she is sexy enough to fulfill his needs," says the source. "She claims she can figure out how to make her man happy and keep him out of other women's beds."
