Madonna, Jennifer Lopez and Sharon Stone Made It to the Top Worst Sex Scenes Ever

*Stone, the "Queen of c*** movie sex"*

Madonna and Jennifer Lopez made it to the list of the most embarrassing sex scenes in films, followed by actors Sharon Stone and Keanu Reeves. According to a poll made by Britain's Empire magazine, the first place went to the erotic drama 'Showgirls', starring Elizabeth Berkley and Kyle MacLachlan in a swimming pool sex scene, described by an Empire spokesman as being "the first ten minutes of 'Jaws'." It's supposed to be the best sex in the world but, as Berkley thrashes around in the water, it looks more like the first ten minutes of Jaws," said the British-based magazine. Jeremy Irons and Juliette Binoche came in second, with the movie "Damage," a 1992 European art-house film, where Jeremy bangs his girlfriend's head against the floor, while having sex. "How such quality people cooked up such a farrago (confused mixture) is a mystery to rival the Bermuda Triangle," was Empire's verdict. Madonna scooped the fourth place, with Body of Evidence, when she is dripping hot wax over actor Willem Dafoe's body; the scene is described as "a sad attempt to titillate". Sharon Stone, called by Empire "the Queen of c*** movie sex", makes it to sixth place with "The Specialist". Jennifer Lopez and Ben Affleck took the seventh place, for "Gigli", the magazine claiming that "When chauvinistic mobster Larry Gigli (Ben) gets it on with lesbian assassin Ricki (Jen), the scene is cold corny and lame." The magazine, featuring the Top Ten Worst Movie Sex Scenes, will hit the stands on Friday.
