[Mortal Kombat II Cheats and Secrets \(PS3\)](#)

The classic MK game is back!

Mortal Kombat II is an arcade game and the second title in the Mortal Kombat fighting game series. Storywise, the events before and during this game are portrayed in Mortal Kombat: Shaolin Monks. Essentially, **Mortal Kombat II** is an extension of the game system of Mortal Kombat. A few normal moves have been added (close high punch and crouching punch, for example). The roundhouse kick was made more powerful in part II, and like the uppercut, launched opponents into the air. Additionally returning characters gained new special moves. The game also introduced multiple fatalities, as well as additional finishing moves to the franchise. However, each character still shared generic attributes – speed, power, jump height and airtime – and all normal moves were similar between each character. As with its predecessor, the only thing differentiating each character were their appearance, special moves, hit detection, and finishing moves. Midway announced that Mortal Kombat 2 would be coming out for the PlayStation 3's download service, PlayStation Network. The game was made available for sale on April 12th, 2007 for \$4.99 USD. This version features online play and was handled by the same team responsible for the X-Box Live conversion of Ultimate Mortal Kombat 3.

Cheats
Play pongTo play pong, you must keep playing until you reach the 250th battle. When the battle is about to begin, you'll receive a message that you will enter another dimension. Afterwards, a Pong screen will appear. Whoever earn 7 points will able to continue the game.
Codes
No Throws optionIf you are playing against a human opponent. You have the option of no throws. To do this Hold D+HP on both joysticks before the match begins. If successful it will say "Throwing Disabled."
Easter Eggs
Oh Wow!After performing a Stage Fatality on 'The Dead Pool Stage', you can hold Down and Block to hear Dan Forden say 'Oh Wow!'
Secrets
Fight JadeWhen you are at the match that is right before the '?' on the match chart, you can fight Jade if the following steps are taken. One of the rounds must be won using only Low Kicks and the Directional Pad. The other round can be won normally. Once you meet all those requirements, you will fight Jade at 'Goro's Lair'.
Fight Noob SaibotWhen in a 2 player game, you can fight Noob Saibot if the following steps are taken. 50 matches must be won in a row. All of those 50 matches must be won in 2 player mode. Once you meet all these requirements, you will fight Noob Saibot at 'Goro's Lair'.
Fight SmokeWhen fighting on 'The Portal Stage' in a 1 or 2 player game, you can fight Smoke if the following steps are taken. Dan Forden must appear at the bottom of the screen and yell 'Toasty!'. Down and Start must be held at the same time right after you see Dan Forden. Once you meet all these requirements, you will fight Smoke at 'Goro's Lair'.
Notes - Dan Forden will only appear after an uppercut. His appearance after an uppercut is random though.
Make opponent slide off the spikesOn the kombat tomb stage (the one with spikes all over the ceiling) when it's time to finish the opponent, do your character's stage fatality command, then as soon as the "du du duuuu" music starts, hold DOWN on player 1 and player 2's joystick until the opponent starts to slide off the spikes.
Yummy fatalities on the PS3... Here's a video footage of them:
