## [NBA Street Homecourt Achievements \(Xbox 360\)](#)

*A complete list of the things you can achieve while playing*

NBA Street Homecourt is a streetball game developed by Electronic Arts Canada and published by EA Sports BIG on the 19th of February 2007 in North America, the 22nd of March 2007 in Australia, the 23rd of March 2007 in PAL territories and the 24th of May 2007 in Japan. An interesting thing about the release is that it features streetball courts inspired by those on which [NBA](#) superstars played on when they were young. This fourth title in the NBA Streetball series was also one of the most appreciated mainly due to the triple A soundtrack Electronic Arts managed to put together for the game. Also, another thing that helped it sell well was its superstar cover: it featured Carmelo Anthony from Denver Nuggets. We know that true gamers play all these games just for fun, as they should and not in order to achieve specific point landmarks to prove their friends they are very cool, but we also know that sometimes you just can't live without achieving everything possible with a title you really enjoy. If that's the case and you want to know exactly what to look for, we have prepared a full list of achievements. Good luck!
