[Naruto: Uzumaki Chronicles 2 Unlockables and Secrets \(PS2\)](#)

Here's a full list of characters and a couple of unlockables for hardcore gamers

Naruto: Uzumaki Chronicles 2 (known as Naruto: Konoha Spirits in Japan) is a video game by Bandai Namco. It is based on the popular manga and anime series Naruto by Masashi Kishimoto. This game is a sequel to **Naruto:** Uzumaki Chronicles. The game is an action-RPG where the player travels across a map and completes missions to gain experience points in order to achieve new abilities or increase their character's stats. Unlike its predecessor Uzumaki Chronicles, the game is not mission based. One can find the missions in a separate mode. The Story mode shows Naruto facing ninja who control puppets just like Kankuro. The game is rather short (only 10 chapters), but the Versus mode and the Mission mode provide a bit of replayability. There is also a second scenario starring Kakashi. **Playable characters** A list of playable characters is as follows. Characters new to the series are marked with an asterisk (*): Naruto Uzumaki Sasuke Uchiha Kakashi Hatake Neji Hyuga Choji Akimichi Shikamaru Nara Gaara Sakura Haruno * Rock Lee * Might Guy * Kankuro * Hinata Hyuga * Asuma Sarutobi * Itachi Uchiha * (Only in VS mode) Kisame Hoshigaki * (Only in VS mode) **Unlockables** **Unlockable missions, story and characters** Hoshigake Kisame (In 2 Player vs. mode) - Finish Kakashi Gaiden Kakashi Gaiden (Story) - Complete all missions (Including S Ranks) Sasuke - Pass story mode twice Uchiha Itachi (In 2 Player vs. mode) - Finish Kakashi Gaiden Unlock S Rank Missions - Complete the game once **Secrets** **Restore Chakra** During the loading screen if allocated enough time to move the right thumbstick enough in a circle a blue Chakra Ball will pop-out and if you notice your unfilled Stamina / Chakra Ball it will refill a little about 25% worth every time you do this between loading screens with the Konoha Symbol in the lower right corner The game has evolved a lot! Now it can compete with the best fighting games, like Tekken or Mortal Kombat (any game of the series). See some gameplay footage if you don't believe me:
