## **New Divorce Incoming: Whitney Houston and Bobby Brown**

*The 14-year old marriage is on the rocks*

It's been a fact for quite a while that the 14-year marriage of troubled superstar Whitney Houston and not-on-the-top R&B singer Bobby Brown is on the rocks. This is also confirmed by the reported plans of getting divorced of the two singers. The New York Daily News reports that the 36-years-old Bobby has been telling friends and acquaintances he is divorcing ex-drug-addicted diva after an infamously tumultuous marriage. At the same time, at the beginning of this month, the former New Edition band member was reportedly seen flirting with a group of beauties backstage at an all-star concert featuring R&B groups SWV, Guy and Blackstreet at the Foxwoods Casino in Mashantucket, Connecticut. It's rumored that while flirting with a bunch of women, they asked, "What's up with your wife?" and Bobby answered that "We ain't together no more. We're getting a divorce." The couple is frequently at the centre of tabloid stories, on their admitted drug and alcohol battles. In December 2003, Brown was arrested on charges of misdemeanor battery against Houston in their Georgia home. The 42-years-old diva has one child with Brown, a 12-years-old daughter, called Bobbi Kristina.
