## [Nintendo's Q2 Title List for Wii, DS and GBA Released](#)

*Over 80 games to be launched in the second quarter of 2007 for Nintendo's consoles*

Recently, [Nintendo](#)'s consoles have been receiving a huge amount of support from video game publishers, with over 80 games launching in the second quarter of 2007. Today, Nintendo is unveiling a strong line-up across Europe. The list is humongous so a selection has been made, to present you with some of the most anticipated titles of all Nintendo [Wii](#) and DS titles, soon to be launched. There's a rather small title list for GBA as well, but the Wii's and DS's popularity has engulfed the description space for its titles. First of all, probably the most popular of all, Mario Strikers Charged Football allows you to play football like you've always dreamed of. What do you think that is? NO RULZ!!! It will also be the first European Wii title to use the Wi-Fi Connection Service, allowing players to compete against the rest of the world to become those all time champions. Also for the Wii, players will be able to enjoy a touch of magic mixed in with precision, skill and the perfect golf swing with Pangya! (only for the styled gamers). Another title promising to offer great adventurous gameplay is Wing Island, which is a must have title for the Wii if you like airborne action. Another twenty third party titles will be bolstering the Wii line-up in Q2 2007. As far as the Nintendo DS is concerned, handheld owners will be equally delighted with a huge mixture of titles such as Pokémon, Diddy Kong Racing DS (a remake of the [Nintendo 64](#) smash-hit) and an all new Wario title, which promises to be an addictive platformer. Also, [Hotel Dusk: Room 215](#) which, Nintendo announced a couple of months ago, captures all of the excitement of a good mystery novel. Experience a sense of suspense and gripping adventure as you try to uncover and unravel the hidden secrets. Surely you're not going to be satisfied with just these few (although some of the best), so here's the full Q2 Title List for Nintendo's Wii, DS and [GBA](#) systems:
