New website launched to bring together Nseries users

There are a lot of Nokia Nseries users worldwide and, no doubt, their number is increasing. Which is perfectly normal, because the Nseries phones are great multimedia devices. Mobile Weaver ApS, a Danish mobile software access provider, thought about all the Nseries fans and launched a website for them. More exactly, a website that has the purpose of bringing together Nseries users, offering popular mobile applications and games for most of Nokia's Nseries devices, including the well-known N91, [N95](#) and N70. Aiming to provide basically everything related to Nseries handsets, the website will be nevertheless an important attraction point for Nseries owners. Umar Akram, Founder and Vice President of Mobile Weaver ApS, said: *"We look forward to providing a vibrant community experience to Nokia Nseries users. Our vision is to make this portal a one-stop share and shop service for all Nokia Nseries mobile applications and games."* Nseries owners will find on the website an easy way to shop for software and, with a voucher/promotional code that can be found on the site, anyone can get a 10% discount. Discounts are always welcomed, so this will make customers happy. The online shop provides all the latest software: mobile security software, like Best Crypto or Advance Device Locks, mobile messengers, like Ultra IMPro and IM+, as well as a large number of fun applications like PhotoRite and Facewarp. Visitors can download free or trial applications, read reviews and share Nseries experiences with other Nseries enthusiasts. An integrated blog also exists, to keep us informed about the latest Nseries devices and software updates. The site can be accessed by clicking [here](#). Nokia [Nseries](#) is a one-of-a-kind series of mobile phones, bringing the latest mobile technology and rich multimedia features combined with super looks. The series include the models: N95, N-Gage, N-Gage QD, N90, N91, N92, N93, N93i, N80, N71, N72, N73, N75, N76 and N77.
