[Pamela Anderson and Tommy Lee Together Again](#)

Beautiful Baywatch star, Pamela Anderson got back together with her ex-husband Tommy Lee.

Beautiful Baywatch star, Pamela Anderson got back together with her ex-husband Tommy Lee. They were seen at the launch of Rokbar in Hollywood on Thursday night, June 30 and seemed in love. Pamela and Tommy were kissing and hugging and holding hands all night. Both Pam and Lee's publicists refused to comment, but Courtney Love, a very close friend of the couple, said "There's something going down." Pamela Anderson met Motley Crue drummer Tommy Lee on New Year's Eve in 1994 at a party in New York. In February 2005 Pamela went to Cancun and Tommy followed her in an attempt to win the love of the beautiful actress. After four days of courting and endless parties, the two married on a beach, Pamela wearing a white bikini and Tommy wearing a set of shorts. After returning to L.A., they had wedding rings inscribed with each others name, tattooed on their fingers.
