[Pariah - Cheats and Weapon Upgrades](#)

Unreal Technology is not sufficient to make a great game

Pariah has been deemed a semi failed attempt on FPS by Digital Extremes. If you aren't familiar with their work, you should know they are responsible for Unreal, Unreal Tournament (2003 and 2004). Someone might think that any game with their signature on it will be an instant hit. Unfortunately, Pariah wasn't regarded as one but that didn't stop us in listing the cheats for it: **Cheat mode: Select the "Settings" option at the main menu, then select the "Cheat Codes" option. Then, enter one of the following case-sensitive codes to activate the corresponding cheat function.** **Cheats** All ammunition - ALLAMO Cinematics can now be skipped - P33kaB00 Exclusive Best Buy multi-player level - BESTBUYpwnsYou Exclusive EB Games multi-player level - Ebpwnz Exclusive Future Shop multi-player level - FuturePwnage Exclusive Gamestop multi-player level - GameStopPwnage Exclusive Groove multi-player level - YouGotGroove Exclusive Target multi-player level - TargetingYou Exclusive Toys R Us multi-player level - TRUPwned Exclusive Walmart multi-player level - PwnageMart God mode - F3ARM3 Secret content unlocked - ShhItSaSecret Single player levels unlocked - IMALAZYBEEOTCH Toggle location stats - MYLOCATION There is a second set of commands because the game is built on Unreal Technology and the following cheats work on most games build on this engine. **Cheat mode: Press ~ during game play in single-player mode to display the console window. Then, enter one of the following codes to activate the corresponding cheat function.** **Cheats** God mode - god No clipping mode - ghost Flight mode - fly 999 ammunition for all weapons - allammo Set field of view; default is 70 - fov First person view - behindview 0 Third person view - behindview 1 Suicide - suicide Bots in multi-player game - addbots Spawn WEC; for upgrading weapons - summon VehicleGame.WeaponEnergyCore Disable flight and no clipping mode - walk All weapons - allweapons Toggle invisibility - invisible **Weapon Upgrades** *Healing Tool* Fast Injector - Faster doses mean faster health restore. Health Boost - Adds one life point. Adrenal Boost - Adds one more life point. *Bulldog* Fire Accelerator - Increases fire rate. Recoil Stabiliser - Increases accuracy.
