[Pokemon Mystery Dungeon: Blue Rescue Team Cheats \(DS\)](#)

A complete list of codes to make your gaming experience more enjoyable

Released almost three years ago, the Pokemon Rescue Team games (Blue Rescue Team and Red Rescue Team) received mixed reviews from the critics, even though players all over the world loved both games in the series. However, the success of the Pokemon Mystery Dungeon Games (also released on the Gameboy Advance) can't be compared with the one reached by big brother [Pokemon](#) Diamond. Still, we have prepared a bunch of cheat codes to make your gaming experience more enjoyable and definitely much easier:
