Power Rangers Lightspeed Rescue Passwords (GameBoy Color)

The acclaimed series goes portable

Power Rangers: Lightspeed Rescue is a videogame created for various platforms. It is based on the Power Rangers Lightspeed Rescue TV series. The game involves the various Rangers in various senarios. The Playstation version was a beat 'em up with Zord battles, the N64 version had unique gameplay on each level and the Gameboy Color version was a platformer. Lightspeed Rescue takes place in the fictitious city of Mariner Bay, California, which was built on an ancient demon burial ground. When the demons threaten to rise again, a government organization called Lightspeed, headed by Captain William Mitchell recruits four civilians and his own daughter to defend the city. Each of the four civilians chosen had a special area of expertise: Carter Grayson, the Red Lightspeed Ranger, was a fire fighter in the local fire department; Chad Lee, the Blue Lightspeed Ranger, worked as a lifeguard and marine animal trainer at a local marine amusement park; Joel Rawlings, the Green Lightspeed Ranger, was a stunt pilot; Kelsey Winslow, the Yellow Lightspeed Ranger, was an extreme sports athlete; and Dana Mitchell, the Pink **Lightspeed Ranger**, was a nurse and practiced medical arts. The five Power Rangers were aided by a team of scientists and engineers led by Miss Angela Fairweather and operated out of the Lightspeed Aquabase, an underwater military compound that also deters the hydrophobic demons from directly attacking the base**Passwords*Level Passwords***These passwords are on easy mode:BLLJCB9D - Area 1 of Dam complete BLLJWC9D - Area 2 of Dam complete VLLJWH9D - Area 3 of Dam complete VGBHV3WJ - After beating Diobolico in the mysterious level BLLNCB1D - Area 1 of Plant complete BLL5WB1D - Area 2 of Plant complete VLN5WB1D - Area 3 of Plant complete VGBHV3XF - Just before mysterious level BVLJCB1C - Area 1 of City complete DVLJWB1C - Area 2 of City complete JVLKWB1C - Area 3 of City complete
