## [Rocky Balboa Unlockables \(PSP\)](#)

*In order to defeat the champ you will have to recall your past glory*

**Rocky** Balboa is the latest story in the saga of one of **Hollywood's** most beloved characters, Philadelphia boxer Rocky Balboa. Retired, and with his beloved Adrian passed away and his grown son too busy to spend time with him, Philadelphia's favorite boxer is a lonely man. When an ESPN sports show runs a simulated fight between Balboa and the current champ, Mason "The Line" Dixon, Balboa wins, prompting a resurgence of interest in his illustrious career. Presented with the opportunity to wage one last exhibition fight, Rocky accepts the challenge, despite the protests of his friends and family. Facing a powerful young champion, personal tragedy and, ultimately, his own doubts, Rocky steps into the ring one last time to prove that he still has the heart of a champion. In order to defeat the champ you will have to recall your past glory. Fight fights within the fight by flashing back to iconic Rocky fights. As you relive those moment your skills will gradually return. All the fights from all the Rocky movies are available for play. Fight Drago in Moscow or Apollo in Philadelphia, while Exhibition mode allows you to play our fun "what-if" scenarios. Match Mason Dixon against Apollo in Moscow or Cluber Lang vs. Drago in Vegas. Gamers can also slug it out in true Rocky style with dramatic movements and huge turnaround punches. Immersive camera angles make you feel the drama of a comeback, knock down or count out.
