## [Samsung a645 Handset Available from Alltel Wireless](#)

*The phone is affordable and has a high quality service*

**Alltel** Wireless, announced the availability of the SCH-a645 handset from Samsung Telecommunications America. "The a645 from Samsung is an excellent handset for cost-conscious customers who want a cool phone, but don't need every bell and whistle," said Wade McGill, senior vice president of product management for Alltel Wireless. "The a645 is also loaded with hands-free features that make it perfect for busy parents."

**Samsung's** a645 features a built-in speakerphone and advanced speech recognition that enables users to make calls and launch their contacts, calendar and select other phone tools by voice. This device is capable of downloading games, ring tones and more. The a645 also comes equipped with Axxess Web, which enables users to surf the Internet, along with Axxess text messaging. The SCH-a645 is available from **Alltel** for \$9.99 after a \$20 mail-in rebate. This discounted price is available to new customers on two-year service agreements, as well as to existing eligible customers on qualifying rate plans.
