Help Clank through his adventures
Wikipedia

[Secret Agent Clank Cheats \(PSP\)](#)

Play your way through this funny parody

Secret Agent Clank was developed by High Impact Games, the creators of the Ratchet and Clank franchise, and is an exclusive for the PlayStation Portable handheld console. It is a spin-off to the original series, being the sixth installment in the franchise. It was released in June this year, and features Clank as the main character in the role of a secret agent. This interesting game is, of course, a parody of the James Bond series of books and films.

Thus, Clank is depicted wearing a tuxedo in pure James Bond style, and has at his disposal quite a few technical gadgets which help him through his adventures in the game. Among these gadgets, there is a bow tie which can be used as a boomerang, or a rose which can turn into a giant carnivorous plant that devours its enemies. Although this game is the newest in the franchise, it isn't the first one to depict Clank as a secret agent. He also appeared in such a role in the game Up Your Arsenal, being unlocked in a side story. An interesting feature of the game is the presence of cutscenes where the player must press a sequence of buttons in order for his character to sneak around. The gamer also has the ability to play as Ratchet or Captain Qwark.

CHEATS

Chalice of power

Press Up(2), Down(2), Left, Right, Left, Right during game play as Ratchet, Qwark, Gadgetbots, and Clank in any planet to restore your health. Note: The code only works once per visit to a location.

Zoni skin

Pause game play, then press Left(2), Right, Down, Up(2), X.

A mother's memorial

In the Treehouse, go to a desk near the "Robot Finds Kitten" message. On this desk is a picture of someone. Go to this picture, and press Circle(2), Triangle, Circle, X. You will be showed a platform with a fountain, fireplace, angels, kittens, and roses. There is also a message about TJS's mother. This platform is a memorial for an HIG crew member's mother.

Here's a video:
