[Sonic Advance Codes and Secrets \(GBA\)](#)

Duplicate Chao and play with Sonic & Tails

The game has four characters, **Sonic** the Hedgehog, Miles "Tails" Prower, Knuckles the Echidna, and, for the first time as a playable character in a classic-style 2-D Sonic game, Amy Rose. Sonic can have Tails follow him, Sonic 2-style, by entering a special code (Up-Right-Down-Right-L-Right-R-Right-A) at the character select screen. All characters have separate save-games which record their individual progress. Each character has his or her own unique ability which is a determining factor towards the game's overall difficulty. Their special moves are all retained from **Sonic 3** and Sonic Adventure. Sonic can dash in mid-air, Tails can fly and swim, Knuckles can glide and climb walls and Amy has her hammer to attack. Codes**Play with Sonic & Tails in Story Mode**Go to game start on the main menu, and select Sonic (don't press A, just make sure he is on your screen.) When you do this, do the following: Down, Right, Up, Right, L, Right, R, Right, A. You should hear a chime like you just collected a ring letting you know the code was right. Select a course (if you have that option) and have fun. Oh, by the way, the computer Tails isn't very smart, but it can be helpful. (He doesn't Die.)

UnlockablesMoon Zone - Find all Chaos Emeralds with any character, then beat the game with all character. Beat Moon Zone with Sonic to unlock.

Glitches**Duplicate Chao**You must have a GBA, GBA to GCN link cable, two memory card with Chao garden saves, and this game. Send the Chao you want to duplicate to the GBA. It should say it's making a copy. Once you have the copy go to move. Move the duplicated Chao to the Garden in slot two. Now take the Chao out of the garden and put it in slot 1. Now take the other Chao from slot 2 and transfer it to slot 1. You now have two of the same Chao.

Past the Screen Boundary - Neo Green Hill Zone Act 1Run up to the first yellow spring in the level (Just as the ground turns to pavement and grass) and jump to the right side of it. Push yourself against it, face right, and do a spin dash. Release to send Sonic/Tails/Knuckles spinning forward, while holding Right on the control pad, and hold it. You'll go through the two loops, but as you go downhill, your character will fly far right and off the screen. Keep holding Right until the camera catches up with your character.

Secrets**Chao memory trip**During the chao memory game press the A button as your chao moves a card and it'll trip up. This can stop it from moving the card.

Extra Sound Test MusicNormally the sound test has 39 songs on it. If you can beat (not just make it to) The Moon Zone, then the Sound Test will Have songs 40 (The Moon Zone), 41 (Sonic has cleared EXTRA), and 42 (Super Sonic Ending). Defeat the bosses of the game like this:
