[Spider-Man 3 Glitch and Character List \(PS3\)](#)

Itsy bitsy Venom...

Spider-Man 3 is a video game based on the Spider-Man 3 film. It was released May 4, 2007. The scenario draws from the film, Spider-Man comics and the Marvel Universe. The game features ten (eight on PlayStation Portable and the PS2.) villains including the movie's primary villains Venom, New Goblin and Sandman. The PlayStation 3 and Xbox 360 versions are very much the same, with the exception of the exclusive content for the PlayStation 3 Collector's Edition. The PS3 Collector's Edition version includes the ability to play as the New Goblin using the SIXAXIS motion control to maneuver the glider and will also feature additional commentary by Bruce Campbell. This version of the game is developed by Treyarch. In this version of the game, **Spider-Man** will start in his usual costume, before switching to the black suit at a certain point. Spider-Man will remain in the black suit until a later point in the game, when the player has managed to rid him of it. Different moves will also be available while in the black suit. After completing the game, the player gains the ability to switch between the two costumes at will. **Glitch!** I was just playing against Hairy Goblin, having a bit of trouble beating him the first couple of rounds. I don't know how this happened, but it happened: He hit me and I began flying back. Instead of falling to the floor and flipping over myself as usual, I continued flying through the city, all the way down the street without end, gaining altitude as well. As I flew, my body continued to rag-doll, spinning and flipping over itself until I reached the collision boundary of the city map, where I continued to ragdoll spin and float around, seemingly dodging Hairy's attacks. **Cast/Characters**
Peter Parker / Spider-Man (voiced by Tobey Maguire) Mary Jane Watson (voiced by Kari Wahlgren) Flint Marko / Sandman (voiced by Thomas Haden Church) Harry Osborn / New Goblin (voiced by James Franco) Eddie Brock, Jr. / Venom (voiced by Topher Grace) J. Jonah Jameson (voiced by J.K. Simmons) Lizard / Dr. Curt Connors (voiced by Nathan Carlson) Kingpin / Wilson Fisk Scorpion / Mac Gargan Kraven The Hunter / Sergei Kravinoff (voiced by Neil Kaplan) Calypso Electro/Max Dillon Morbius, the Living Vampire / Michael Morbius (voiced by Sean Donnellan) Shriek / Frances Louise Barrison (Morbius) (voiced by Courtenay Taylor) Rhino / Aleksei Mikhailovich Sytsevich (voiced by John Di Maggio) Carlyle the Mad Bomber / Luke Carlyle (voiced by Neil Ross) Penny Marko (voiced by Spencer Ganus) Betty Brant (voiced by Rachel Kimsey) Joseph "Robbie" Robertson (voiced by Robbie Robinson) The Narrator (voiced by Bruce Campbell)
Here's a video of the glitch I mentioned earlier in case you didn't believe me:
