Street Fighter Alpha 3 Codes and Unlockables (GBA)

All characters and secret modes

Street Fighter Alpha 3 gives players a host of new options and brings back the "ism" fighting styles made popular in prior Street Fighter games. From the Street Fighter Alpha series, A-ism lets the player select the general combo system and choose from three different degrees of super combos. From Super Street Fighter II Turbo, players who select an X-ism cannot block in the air but can command one very powerful super combo move. V-ism is an enhanced version of the custom combo system found in **Street Fighter** Alpha 2, allowing the player to inflict multiple hit damage on opponents with their custom combo. A turbo selection is available prior to a match allowing for lightning speed action. In addition, Street Fighter Alpha 3 offers faster gameplay, more precise control and rapid move reversals, with multiple layers of scrolling. **Codes/Cheat Codes**All codes below are entered on the title screen: Left, Right, Down, Right, L, L, A, L, L, B, R, A, Up - All Characters A, Up, A, L, R, Right, L, Right, A, Down, Right - All Ism-Plus Modes L, Right, A, R, Up, L, Right, B, A, Up, Right, Down, Right - All Modes (Mazi, Saikyou, etc) Hold A + B (when selecting a speed) - Fight Shin Akuma (Final Battle) Hold Start when selecting Bison - Play as Master Bison Hold Start when selecting Akuma - Play as Shin Akuma **Unlockables/Alternate Ending**If you play through Story Mode, you'll get the same ending involving M.
