[Tekken 5: Dark Resurrection Cheats and Unlockables \(PSP and PS3\)](#)

The Tournament has reached its sixth round!

Follow-up to the Tekken 5 game, Dark Resurrection brings us new characters, new moves and new graphics for [the PS3 version](#). It's surprising to see such quality gameplay on the little portable console, too; the PSP fighting games never looked so good. All the original characters from the series are here, with their trademark moves, grabs and hidden kicks. Backgrounds are more versatile than ever, as you'll see in the short video below. Having problems with one of the fights in Tekken 5: DR? Use the following codes and if you're a die-hard gamer you should unlock everything: **Codes**
Choose Victory Animation After winning a round you see the replay showing, pressing each button ([X], [O], etc...) will result in a different victory animation. This also works when the opponent wins. **Various Codes**
In arcade mode while selecting your character hold Select and press X **Big Characters**. Hold the select button while choosing your character, continue holding it until the match begins **Big**. **Head Mode** Highlight Roger and Press Square Fight as Alex Beat Devil using Kazuya, then select your fighter by pressing the Kick button Fight as Angel Beat Devil using Kazuya, then select your fighter using the Punch button Fight as Devil Highlight Roger and press Triangle Pick Roger in one player mode **Different Colors** - Press start when choosing a character. Unlock all characters, then hold Select + Up when choosing a character. Keep holding them until the fight begins. **Sky Mode** Unlock all characters, then hold L2 + L1 while selecting your character. Keep holding them until the match begins. **Wire frame mode**
