[The List: Over 90 PS3 Exclusives to Be Released](#)

Driver 5, God of War III and Yakuza are in the list

Everybody loves [lists](#), especially when they're about great games to come. When the list has more than 90 titles, things start to get even better. Add to that the fact that it is all about [PlayStation 3](#) exclusives, and you have your bonus. What could you want more? Oh, to actually read the list? The list is the result of Stunt's efforts - he collected and filtered these game titles from the PS3 official forums. That's why, unfortunately, they have no release dates set and some titles might be pure rumors. Also, there's a slim chance (but really slim) that some of these games won't hit the stores in 2008.
