[Tony Hawk's Project 8 - Cheats and Unlockables \(Xbox 360\)](#)

Skating to the end of the Earth

When I'm saying Tony Hawk, all kinds of shivers go up and down my spine, thinking about the numerous hours spent on the PC, skateboarding away. The Xbox 360 version came without any major surprises, with greatly improved graphics and a lot of technical problems. I personally loved it and I recommend it to anyone that has some spare time to waste. **Cheat Codes** Go to the main menu, click options, and then click Cheats. plus44 - Skate as Travis Barker enterandwin - Skate as the Grim Reaper notmono - Skate as Jason Lee hohohosoi - Skate as Christian Hosoi mixitup - Skate as Kevin Staab strangefellows - Skate as Dad and Skater Jam Kid themedia - Skate as Photo Girl and Filmer militarymen - Skate as Colonel and Security Guard wearelosers - Skate as Nerd and Bum manineedate - Skate as Mascot suckstobedeat - Skate as Zombie Officer Dick shescareme - Skate as Pat the Realtor yougotital - All specials unlocked in the shop needaride - All decks except for the Inkblot deck and Gamestop deck will be unlocked and free. birdhouse - Inkblot deck drinkup - Full Air Stats allthebest - Full Stats frontandback - Perfect Manual balancegalor - Perfect Rail newshound - Unlocks Anchorman sellsell - Unlocks Skinny Real Estate Agent badverybad - Unlocks Twin **Achievements Complete each achievement to get the allotted gamer score.** Training Complete (10) - You completed the training, go put what you learned into practice.
